VISUAL APPEARANCE

The product may reveal various wrinkles due to the combination of Elasticity of the covering, characteristics of the interior construction and the design of the product.

Products with Visual Appearance listed as High or Medium would require higher degree of care, where seats and back cushions may require fluffing and plumping more often than Products with Visual Appearance listed as Low.

NOTES

- Available in leather (TG only) or fabric.
- By distributing weight evenly across all pressure points, the zero-gravity power motion system makes you feel weightless. It takes the pressure off your spine and can promote circulation in the legs.
The definition of Zero Gravity Reclining is the ability for your heart to be resting above your feet which provides proven health benefits.
- ZERO GRAVITY™ DUAL POWER MOTION: a unique power motion system that separately and independently activates the different functions, to adjust the seat recliner and the headrest, allowing you to reach extreme comfort in a “zero gravity” position.
- Switch #1: All in One Power Reclining mechanism that simultaneously reclines the back, activates a “comfort tilt” of the seat and a full extension of the footrest, taking you to a “zero gravity” position that will make you experience a total and unparalleled relaxation.
- Switch #2: Power Adjustable Headrest which allows you to recline the headrest forward with millimetric precision to support you with a perfect and proper posture.
- «DualPower Motion» mechanism “All -in-One” power motion system offers a seamless, continuous sequence of functions designed to provide optimum comfort:
 - it starts by adjusting the headrest
 - then reclines both the seat and backrest,
 - and concludes with a final forward tilt of the headrest.

NOTES

- The dual power motion feature is controlled via concealed smart touch buttons positioned between the seat and the armrest.

Footboard closure design: The specific design of the footboard closure with its extended flap further contributes to optimal relaxation while also providing a spacious open base beneath the sofa, making cleaning easier.
