NOTES

- The model Kartun with model code X194 is available with larger back cushions (same length of the seat cushions as C194)
- In leather, due to the wide dimensions of its elements, in order to avoid cuts on the seat and back cushions and to also keep its original clean and linear look, model will be available starting from cat. 20.
- To allow modularity, the single elements can be put together thanks to the rubber stops under the legs.
- Two ottomans available (square and rectangular) to be also used as terminal, chaise-longue and additional seat.
- All versions are finished on the sides and come without connectors to be used as single elements.
- Tight Seat Cushion (the seat cushions of the models are fixed to the frame)
- Tight Back Cushion (the back cushions of the models are fixed to the frame)
- Without Feet Assembled (the feet will be in a bag inside the package)
- Plastic Wrap (the model will be wrapped in a plastic bag)
